ROOSEVELT'S "BIG STICK" OVER CALIFORNIA

WEEDING OUT TALES MEN FOR CALHOUN TRIAL JURORS

SENATOR PERKINS SAYS FEEBLE-MINDED PREPARED THE ATTACK ON HIM

Perkins to Callan—“If You Had Taken the Timeworn Advice of Davy Crockett You Would Have Saved Yourself From Embarrassing Situation.”

ASSEMBLYMAN POLITELY CALLED LIAR

WASHINGTON, Jan. 19.—Senator George C. Perkins today sent the following lively letter to Assemblyman E. J. Callan of San Francisco:

"Hon. E. J. Callan, Assembly, Sacramento, Cal.—Dear Sir: I am in receipt of your letter of the 1st instant, in which you say that you have read my reply to your criticisms with amazement. I do not doubt your statement in the least. In fact, I myself was amazed when I went over the Congressional Record and found that you had not a single fact to substantiate your allegations.

Fit for Home for Feeble-Minded

"How any one with intelligence enough to keep out of a house for feeble-minded could formulate such an attack in the face of the facts officially recorded, I could not understand. Then it occurred to me that you could not by any chance have made the investigation of my record yourself, but that you must have accepted without verification the charges—if they may be so called—of others.

Manifest Weakness of Mind

"In no other way was I able to reconcile your acknowledged ability with the manifest weakness of the mind which conceived the plan of criticizing me. It also occurred to me that these criticisms might have been placed in your hands by the newspapers which have strongly supported you in your attack on me, in which case it can be understood why there was apparently no verification at all. I am very glad that I was able to do you justice on the strength of your letter alone, and to be then assured that you made your comments on the specifications placed in your hands by others, for after I had written my reply to you I found evidence that my assumption was correct.

Charges Were Cribbed

"I received a copy of charges made against another Senator many months ago, which were clearly cribbed by whomever suggested that criticisms be directed against me, for most of the specifications in your letter are verbatim reproductions of those brought against that other Senator, and which have also been urged against several other Senators in different parts of the country. In no case, I think, do your specifications differ from the charges brought against others, except that in your letter two or three were omitted which to the least intelligent did not apply to me.

Made the Tool of Others

"And if you had taken the trouble to verify the specifications by reference to the Congressional Record, you would have seen that two on which you seem to lay great stress refer to actions in the House, of which I was never a member, and relate to the Senator, the charges against whom were bodily switched against me, who was a member of the House when the votes in question were taken. It is, therefore, quite plain that you have been made the unquestioning agent of some utterly incompetent political manager or management, which imagines that charges can be manufactured wholesale, thrown out against every Senator up for re-election without reference to his true record, and made to stick.

"Be Sure You're Right," Etc.

"I am very sure that if you had personally investigated the basis of the specifications handed to you, and had taken pains to ascertain the facts relating to the framing and passage of the bills in question—particularly the railroad rate bill—you would have declined to place yourself in the unfortunate position of not only making charges which have not the slightest foundation, but of condemning the President of the United States and all his policies for whom an I for which you express unlimited admiration. By following the time-worn advice of Davy Crockett you would have saved yourself from the embarrassing situation in which you now are. Yours very truly,

(Signed)

GEO C PERKINS, U. S. S.

CHOICE GROCERY AUCTION SALE

MUNIG & CO. Auctioneers.

Chamberlain Is Named Senator

bring influential senators into line for a Republican senator, blocked the attempt to defeat Governor George E. Chamberlain (Democrat) for United States Senator in the legislature today. The vote in the house stood thirty-four to seventeen, a total of fifty-four or seven more than was necessary to bring about the election of Chamberlain. The vote in the house was:

Chamberlain (Democrat) 34, Fulton (Republican) 12, Cade (Republican) 14.

The vote in the senate stood Chamberlain, 19, Fulton, 7; Cade, 3; Bean (Republican) 4.

LE BEUF IS SENTENCED TO PRISON FOR 10 YEARS

A. A. LE BEUF,
Who Was Sent to San Quentin for Ten Years Today by
Judge Brown

Ten years at San Quentin was the fate meted out to J. A. Le Beuf, embezzler, this morning by Judge E. J. Brown, the whilst the prisoner with bowed head stood weeping before him. Le Beuf is a little man—literally, little mentally, and little in principle in the look of it, still the court and the spectators felt sorry for him as he was sentenced before the wife and

President Wires Gillett to Check Anti-Japanese Legislation in This State

SACRAMENTO, Jan. 19.—President Roosevelt has taken a hand in the anti-Japanese legislation now before the California legislature and has asked the Governor to take steps to have all legislation held up until the President can be heard in the matter. In a telegram sent Saturday this request was embodied and a letter is en route to Sacramento which

will give the chief executive's views and wishes in the matter of legislation against the "little brown men."

President Roosevelt's telegram follows:

"Washington, January 18. Hon. James N. Gillett, Governor of California, Sacramento, Calif.—We are

ENEMIES OF RACING "GAG" THE ASSEMBLY

(By EDWARD A. O'BRIEN.)
SACRAMENTO, Jan. 19.—The Assembly this morning, by a vote of 53 to 23, refused the request of Matt of Oakland to have the report of the committee on public morals on the anti-race track bill which was made this morning, referred to that committee so that it could be set for hearing on the same. The report was agreed to in executive session of the committee. Matt and Menandill being absent.

This action was denounced in a violent manner by Grove L. Johnson of Sacramento and Beardsell of Stockton, several members in a milder manner denouncing the action to be narrow-minded, unfair and unjust.

Committee Takes Snap Judgment

Johnson said he had been a member

night and Wednesday; light south
winds.

JUDGE LAWLOR OVERULES DEFENSE, WHO WANT TO SAVE TIME, AND PROCEEDS IN HIS OWN MANNER

Most Every Talesman Has Some Sort of Excuse to Escape Service, but None Allowed to Stay Who Show the Least Bit of Sympathy Toward the Defendant.

(By JOSEPH E. BAKER)

SAN FRANCISCO, Jan. 19.—"I should say Patrick Calhoun is up against about as hard a proposition as a man ever faced in a California courtroom. If the jury that will pass upon his case is not prepared to convict at the time it is sworn in, and before any testimony is given, it will not be the fault of the manner of selection nor of rulings of the court. By the time Judge Lawlor is through weeding out the talesmen there are few left who have not decided bias in favor of the prosecution and against the defense.

"From the first venire of one hundred and fifty Judge Lawlor excused one hundred and four, leaving only forty-six to be examined respecting their qualifications as jurors. The better, as well as the larger, part of the venire were excused for one reason or another.

Lawlor Never Lacks for a Reason

"As nearly every talesman has some excuse to offer why he should not serve, the Judge is never without a reason for letting a man off. All those whose business, social or political connection afford room for the assumption of a friendly feeling for the United Railroads, or of antagonism to any person identified with the prosecution, are promptly excused.

"Not so with men who lean the other way. Judge Lawlor is not especially reluctant to let off any man who has a bias for the prosecution, but he readily sustains challenges for cause introduced by the prosecution, but he is much harder to convince that a juror is legally disqualified when the challenge is offered by the defense.

Court Beams on the Prosecutors

"The demeanor of the judge toward the attorneys a contrast that bodes ill for the defendant. Deference and approbation beam upon the prosecuting attorney, Stanley Moore, who does most of the talking for the defense, is heard with mild impatience—and promptly overruled. The prosecutors have little need to combat Moore's objections—the court takes care of Calhoun's lawyers generally speaking, without suggestion from the prosecution.

"And so the merits of the case promise to be decided when the jury is sworn in.

"This morning Judge Lawlor renewed his weeding out process. Heney was not present. Deputy District Attorney O'Gara handled the whole burden of the prosecution, which mainly consisted of sitting still while Judge Lawlor sifted the venire.

Defense Makes Futile Objections

"Stanley Moore offered two or three futile objections to the court's way of excusing jurors, and then subsided while the court went on winnowing the wheat from the chaff.

"The proceedings were tame enough and the court room was half empty. The fog and damp outside were in harmony with the dull monotony of the judicial grind inside. There were no clashes between the opposing attorneys, and only one woman reporter came in to take the whole proceedings in during a fifteen-minute stay, which gave her time to read the character of Judge Lawlor, Patrick Calhoun and others who figure conspicuously in the trial. The female corps of writers laud Judge Lawlor to the sky and paint the defendant in black colors. On Sunday one of them described Calhoun as "very nervous" and as wearing "flashy jewelry." The trolley magnate is the most imperturbable of men, and a plain watchchain is the only thing in the shape of jewelry to be seen on his person. He gave keen attention to every word spoken by the court and talesmen, and eyed each man, as he came forward, with calm interest.

Making a Three-Cornered Drive

"The graft prosecution is making a three-cornered drive just now which gives added interest to the Calhoun case. Newburgh, who is accused of trying to bribe a prospective juror in the Rue Fleets' court. This was doubted by Moore and to settle matters Lawlor agreed to produce Hillmer in court. Seemingly this was all that Moore wanted, for he took his seat and fixed his attention on the talesmen before him, who were being examined by the court.

It is decidedly noticeable that the personnel of both this panel and the one

San Francisco, Jan. 19.—Again the special venire and again the awful monotony of the court's action in eliminating those from the long list who are exempt from jury duty on the old statutory grounds. In an effort to expedite matters Calhoun's attorneys asked that the examination of jurors be immediately begun, but the court had resolved to adhere to the old rule and as a consequence the time-eating routine is again the order.

Stanley Moore, just as soon as the Calhoun case was called again this morning, after an adjournment of three days, petitioned Judge Lawlor to order the names of the talesmen who had been summoned in the jury box, twelve at a time, but the court promptly denied the motion.

Heney Belated

The unimportance of the morning session was emphasized by the fact that Heney, who is a decidedly interested party in the Calhoun trial, was absent until long after the bailiff had rapped to bring the court to order at 9:30 o'clock.

This, perhaps, accounts for the fact that no objection was heard to Moore's motion from the prosecution's table. Assistant District Attorney O'Gara was on hand, but he was not made uneasy by the start that young Moore took. The ruling of the court came too quickly.

Defendant Early

Patrick Calhoun was early in court this morning. He usually arrives in good time, but today he was on hand long before the other principals arrived. He was warming himself at the stove while the janitor was completing his work in the courtroom. Shortly afterward he was joined by Thorneill Millay and Benjamin Maynard and later by William Abbott, Lewis Burlington and Stanley Moore.

The older Moore was absent.

None but the talesmen appearing under order of the court were admitted, the entire lobby containing just as many seats as there are veniremen, having been reserved for them. Judge Lawlor has issued the edict that there must be strict order maintained among spectators and talesmen.

Plenty of Policemen Always on Guard

The court room is under the watchful eye of half a dozen policemen and several deputies from the sheriff's office. Even in the fog there is a line of the curious standing outside Carpenter's Hall anxious to gain an entrance to the court room, but Sergeant of Police Coffey will not permit any one to enter. Captain of Policemen Gleeson was in charge of the court this morning.

An evidence of just how closely the jury panel in this case is being watched and how strongly the original opinion that a hard trial will really be made in the selection of a jury, was born out when Stanley Moore interposed a strong objection to the action of the court in summoning Talesman F. A. Hillmer, who had been summoned and who had been excused by Judge Lawlor from appearing even before his name was called in court.

Court Makes an Unusual Departure

Moore thought Hillmer's dismissal to be a rather unusual departure and the court explained that the action had been taken purely because Hillmer was now being examined by the court. This was doubted by Moore and to settle matters Lawlor agreed to produce Hillmer in court. Seemingly this was all that Moore wanted, for he took his seat and fixed his attention on the talesmen before him, who were being examined by the court.

It is decidedly noticeable that the personnel of both this panel and the one

Strange as Fiction

Newspaper for Kidney and Rheumatic Sufferers

In Germany there is a newspaper published in the interest of all rheumatic sufferers, and each week symptoms and treatments are discussed by both laymen and medical men. One scientific contributor related that a formula, estimated especially to relieve asthma disease, had an antiseptic virtue in the treatment of all forms of rheumatism.

No secret is made of this formula, which is composed of one-half ounce fluid extract Buchu, one ounce compound fluid Extractor and two ounces compound syrup Sapropyl, mixed in a bottle, and to be taken in ten-cent doses after each meal and one at retiring.

A local druggist expressed the opinion that every rheumatic and kidney sufferer will be grateful for this item.

A Matter of Importance

You cannot afford to drink poor wine. The juice of the grape is the oldest and best incentive to good health the world has ever known.

The Giersberger wines are the concentration of the best that the grape, the soil and the sunshine can offer.

ROOSEVELT ORDERS SYRACUSE SHOE FOR WEAR IN JUNGLE.

When Theodore Roosevelt plunges into the African jungle in April, in search of great game, his feet will be protected by a pair of shoes made in Syracuse.

The A. E. Nittohine Company has received an order from the President for the shoes, and the letter tells just what he wants and how he wants the shoes made. Ordinarily, President Roosevelt wears an 8½" shoe but, for African tramping he wants an "8E".

They will be made of box calf, so he can wear extra heavy soles if his shoes and his feet won't be pinched. They will have only single soles, but they will be made of the best of leather.

Thar Mr. Roosevelt proposes to secure high leggings, such as are worn by automobileists, is apparent from the order. The shoes are to be of a height with which to get over the leggings.

President Roosevelt's expedition to Africa leaves New York in March and arrives in Mombasa in April. The shoes are to be forwarded to him at Washington and will be packed in his equipment when he sets out for the wilderness.

This glad news makes Louis Rets of the Savoy Shoe Company rub his hands in glee. Rets is the local agent for that shoe here.

Another Storm Is Headed This Way

And still the stormy weather will continue, despite the slight foginess and temporary sunshine of yesterday, by which time the gales had general predict a spell of fair weather. More rain is expected for Oakland and vicinity, and according to Forecaster, the weather around the Bay today weather of today and the fresh south winds will bring showers tonight. So again on your high beams, drivers and let rain. It is storming in Berkeley and its storm is headed this way.

SETTLE UPON TIME FOR FUNERAL OF C. H. GILMAN

SAN FRANCISCO, Jan. 19.—Services of the remains of Charles H. Gilman, father of Maybelle Gilman, actress, famous for her dancing and now wife of the steel king, William E. Clegg, will be held tomorrow afternoon at the chapel of Gray's Mortuary parlors at Geary and Deaderick streets.

The body will be sent to Sacramento and there interred. A telegram was sent immediately upon Gilman's death to Maybelle, who was his favorite daughter, but she has not as yet replied to her sister. Gilman was stricken by apoplexy last Thursday and died yesterday at the Lahnemann hospital.

GILLET WANTS FOR ROOSEVELT'S LETTER

SACRAMENTO, Jan. 19.—Governor Gillett will not send a message to the Legislature requesting that an anti-Japanese bill now pending in committee be killed until after the receipt of President Roosevelt's letters on Thursday (promised by wire Saturday) he deems such action necessary.

ROOSEVELT HOLDS UP THIS STATE'S ANTI-JAPANESE BILLS

(Continued From Page 1.)

greatly concerned at newspaper reports on anti-Japanese legislation in California's legislature. Have written you at length on subject. Earnestly hope that no progress will be made on bills until you have chance to receive my letter, and if necessary to discuss its contents with leaders of two houses. My knowledge of the International situation, particularly to emigration of Japanese laborers to United States, satisfies me that passage of proposed legislation would be of incalculable harm to State of California, as well as to whole Union.

"THEODORE ROOSEVELT."

Gillett's Reply

Governor Gillett sent the following reply:

"Sacramento, Cal., January 18. Theodore Roosevelt, President United States, Washington, D. C.—Telegram received. Have caused bills to be held up until I can hear from you. Copies of bills introduced affecting Japanese together with briefs on same will be mailed to you.

"J. N. GILLETT."

The Drew measure prevents ownership of property for more than five years by aliens and this measure was reported out of committee yesterday favorably, and was to have been passed through the Assembly. It was held up until Wednesday, when it was made a special order of business and, according to Governor Gillett, will probably be postponed still further when that time arrives.

"I received the message from President Roosevelt Saturday evening after dinner and answered it after seeing Assemblyman Drew, who agreed to await the letter from the President.

To Respect Wishes

"There is this about the matter that is not fully understood. Japan does not look to any State in settlement of differences, but to the head of the government at Washington. In this way there is much known there of which the different communities and States of the Union are ignorant. For this reason, as stated by the President, he knows more relative to existing conditions and his wishes are to be respected."

Previous to receiving the telegram from Roosevelt, Gillett received another from Senator Frank D. Flint, saying that the President wanted action on the Japanese legislation withheld until he could send a communication to the governor, and this had been forwarded last Saturday. This telegram was followed in the evening by that from the President and the proposed Japanese legislation will remain where it is until word is received from the governor along lines outlined by Roosevelt, who, it is expected, will swing the "big stick" again in his letter.

Roosevelt Determined

WASHINGTON, Jan. 19.—Senator Flint, commenting upon the report from Sacramento that President Roosevelt had sent a telegram to the governor to stop anti-Japanese legislation before the California Legislature, stated to day that the President's action, as outlined in the Sacramento dispatch, is absolutely correct. He said the President is determined that this legislation shall not be enacted until after the corporations have had opportunity to contest at that time, to see if the federal authorities would remedy matters. They have not. The people of California are still afflicted. I, for one, shall not give up the fight, no matter how many messages the President sends. As a member of this legislature I am going to do my best to enact these laws giving the people the relief they have a right to expect."

He said the President is determined that this legislation shall not be enacted until after the corporations have had opportunity to contest at that time, to see if the federal authorities would remedy matters. They have not. The people of California are still afflicted. I, for one, shall not give up the fight, no matter how many messages the President sends. As a member of this legislature I am going to do my best to enact these laws giving the people the relief they have a right to expect."

Johnson's Bills

One of Johnson's bills, prohibiting alien directors of corporations, has been favorably reported and made a special order of business. The other, providing for the segregation of all Japanese in the state of the legislature, municipalities, and corporations, has been referred to the public schools for white children, are before the assembly committee on manufacturing corporations and a day for hearing arguments for and against them will be set this week.

Can Protect Themselves

"The objection has been raised that other aliens besides Mongolians would be prevented from holding land under the act, but that is not so. It affects other than Mongolians, and the right to own land is not taken away so long as they can protect themselves."

"I am receiving scores of letters from all over the State asking that I do all in my power to pass the bill, but I want the opinions of the people as to the various provisions of the measure. I would like to have it discussed and discussed in every detail so that the legislature may fully understand the point involved."

"I believe that if it came up for passage this morning, in either branch, it would receive a unanimous vote, I am going to be the people want Japanese and Chinese excluded from property rights."

"It is up to the Governor now. I would not care to pass the bill over his veto, and unless he will consent to sign it, I shall not press the matter. Let the people express their will to the Governor and the legislature."

To Ignore T. R.

George L. Johnson, author of three anti-Japanese bills that will be bitterly opposed by the Federal government, declared he will pay no attention to the Federal grand jury for examination. The nature of the proceedings was not specified, and on this ground the validity of the subpoenas was contested. The bribe offered followed extended argument before Judge Ward yesterday. A decision on the point involved is not expected to be handed down before to-morrow.

Secrecy Still Profound

"In the meanwhile witnesses who have not attempted to question the regularity of the methods used to secure their presence, were present in Federal court to-day. Two such witnesses were examined yesterday. Four others who were present but did not testify were on hand again this morning. They were John Wel, a New York newspaper man; A. C. Housey, a Boston newspaper man; H. M. Clegg, Washington correspondent of the Brooklyn Eagle, and E. N. Gilman, employed by a news association.

"It will be remembered that two years ago, during the controversy over the Japanese school question in San Francisco, the President sent a frantic message to the Governor requesting that the bill, specifying that Japanese be segregated in the public schools, be sent to the grand jury for decision. The date of the proceedings was not specified, and on this ground the validity of the subpoenas was contested.

"It will be remembered that over two years ago, during the controversy over the Japanese school question in San Francisco, the President sent a frantic message to the Governor requesting that the bill, specifying that Japanese be segregated in the public schools, be sent to the grand jury for decision. The date of the proceedings was not specified, and on this ground the validity of the subpoenas was contested.

10 - YEAR SENTENCE

(Continued From Page 1.)

caused upon whom he has brought disgrace.

After sentence was passed Le Beau still crying, turned and kissed his little girl, a tot 4 years old, and then, without a glance at his wife, walked out of the cage and took his place beside a negro and two other offenders.

Le Beau is a trusted employee and wantonly abused his confidence.

The race track got part of his stolen money, but the most of it went to local gamblers and charmers in the wine rooms of real houses around Oakland and San Francisco.

For a few weeks Le Beau tried the pelmette path like a Parisian nobleman, but the end soon came.

The court granted a stay of execution of two days in order to allow Le Beau to settle his affairs before going to the penitentiary.

Judge Brown's Remarks

In pronouncing judgment upon Le Beau, Judge Brown said:

"Passing sentence in this case is by far the hardest task that has been imposed upon me since I have been a public life. You have now been convicted by your plea of guilty of the crime of felony embezzlement. The transcript of testimony in this case shows that one of the principal causes of your downfall has been racketeck gambling.

"For more than a year now I have come to see that persons of good intentions have aligned themselves against the Hatch-Hetchy. The only real opposition against the scheme can come from corporate interests. I trust this council will endorse the proposition unanimously."

Embezzled \$20,000

The crime for which Le Beau is paying is embezzlement of \$20,000 from Hale Bros., Inc., the well-known dry goods firm.

The young man was a trusted employee and wantonly abused his confidence.

The race track got part of his stolen money, but the most of it went to local gamblers and charmers in the wine rooms of real houses around Oakland and San Francisco.

For a few weeks Le Beau tried the pelmette path like a Parisian nobleman, but the end soon came.

The court granted a stay of execution of two days in order to allow Le Beau to settle his affairs before going to the penitentiary.

President Convinced

The President is convinced that Japan is sincere in her intentions to prohibit the coming here and, by advising their departure when their employment and business interests will permit. Because this decree of Japan in this country is actually going on, as the figures show, the President considers it seriously unsafe to attempt legislation discriminating against Japanese. He has not, however, given his personal influence to stop this legislation and he will not attempt to exert any other influence. Not only does he deem discriminatory legislation unsafe, but he thinks that it is fair to the people that the agitation be stopped.

TOYS WITH AUTOMATIC GUN; NEARLY KILLED

SAN FRANCISCO, Jan. 19.—Infringement by the use of an automatic Colt's revolver almost cost the life of J. Hansen, mate on the schooner Riverdale, lying in the Oakland estuary, at 1 o'clock this morning. Hansen, who had just bought the weapon, was showing it to the engineer and was apparently unaware that it was discharged by a cluck on his handle.

He was twisting the pistol when it suddenly went off, the bullet clipping his left arm and going not many inches wide of his heart. He was treated early this morning at the Harbor Emergency Hospital and the police were first disposed to do nothing, as there was no injury. When he was detained at the police station, he was showing it to the engineer and was apparently unaware that it was discharged by a cluck on his handle.

He was twisting the pistol when it suddenly went off, the bullet clipping his left arm and going not many inches wide of his heart. He was treated early this morning at the Harbor Emergency Hospital and the police were first disposed to do nothing, as there was no injury. When he was detained at the police station, he was showing it to the engineer and was apparently unaware that it was discharged by a cluck on his handle.

Felony Was Deliberate

"But as I have read the transcript it shows that you deliberately planned this offense; that you went through a deliberate system, scheme to hide the commission of this crime from your trusted employees. You planned this offense, you had the purpose of committing it, and the other for the purpose of punishment, and the other for the purpose of example, deterring others from committing crime, and both should be borne in mind by the court."

"We have to bear in mind only the first I would not make the sentence as long as I am going to do but as I bear in mind the second and the fact that this temptation and similar temptation, not only racketeck gambling but similar temptations to pernicious gambling, are being held out to the young men of this State. It becomes my duty in this case to pass such a sentence that perchance it may in some degree restrain others from committing crime."

PILE CURED IN 6 TO 14 DAYS, FAZIO OINTMENT IS GUARANTEED

SACRAMENTO, Jan. 19.—A new committee on labor and capital has been formed to work for the improvement of the state. State Labor Bureau, increasing the appropriation to \$60,000 a year, that the office will be moved to Sacramento, and a separate fund of \$2,000 a year be allowed for investigation and statistical reports on marriage, divorce and crime. A committee of the commissioners and his deputies powers of a sheriff were

CANAL MAY CAUSE A FIGHT

CRIMINAL FEDERAL PROCEEDINGS IN AIR BUT CASE CALLED IN NEW YORK COURT IN DEEP MYSTERY.

The Hetch-Hetchy water proposition reached Oakland last night before being formally presented by Supervisor Murphy of San Francisco and was unusually endorsed, the local city fathers being unanimous in their approval of the project.

The only dissenting voice was that of W. H. Gould, secretary of the Compton Building and Loan Association, who stated that he feared that the aesthetic beauty of the valley might be destroyed by the construction of a reservoir.

Councilman Burns asked Mr. Gould if he represented any outside interest. The latter declared he did not, but merely attended the council meeting in the capacity of a private citizen, who hoped to preserve the natural beauty of his State.

After being introduced by Councilman Pendleton, Supervisor Murphy spoke briefly. He said:

"At a meeting of the City Council

last night concerning routine business

disposed of. The councilmen present

were Atkinson, Barnes, Brown, Jackson, Pendleton, Stachler, Stevenson, and President Ellsworth.

Atkins asked Pendleton, "What is the

new resolution?" Pendleton</p

GETTING JURORS IS STILL A SLOW PROCESS IN THE CALHOUN TRIAL

ALL KINDS OF EXCUSES OFFERED BY TALESMESEN TO EVADE JURY DUTY

(Continued From Page 1.)

that was exhausted last Friday includes only those engaged in business or who are of some profession. They are all men of intelligence and good bearing, well dressed and determined of countenance.

Every One Has Read Of the Case

It is safe to say that there isn't one of them who has not read of the Calhoun case, of the immunity contracts, and who has not discussed the matter one way or another. Every hour increases the doubt that a jury will be obtained in any reasonable length of time.

So far, since the trial began last Tuesday, there has been upwards of 250 men who have been examined and still it cannot be said that the Calhoun trial has yet fairly started. And there is nothing in the present panel that would indicate that a week from now it can be said that a real beginning has been made. It will easily be a month before the first witness will be called and the chances are that the Calhoun trial will end the struggle that was had in the Ruef case.

Fair Sex Not Well Represented

The fair sex was not well represented today. One lady appeared in the courtroom. Those who are associated with the auxiliary of the Citizens' League of Justice are reserving the effect of their presence until such time as it will be more forcible. Many of the women of San Francisco have evinced a deep interest in the Calhoun trial from two or three different view points.

Thornwell denies that he is one of the reasons for the feminine curosity. It is true, though, that when the trial swings into its real stride there will be a brilliant touch of color in the lobby. There will be a special place set apart for them when they come, and not until then can it be claimed that the great case has really assumed its form.

Real Work is Yet to Be Begun

It will be late this afternoon before Judge Lawlor completes the task that he is now toting with. By noon he had passed down only one third of the list. It is extremely doubtful, if by adjournment Judge Lawlor will have done with his work, and it may be that the attorneys may no be given an opportunity to take up the examination of the talesmen until tomorrow morning.

This will make the list to be at the mercy of the attorneys a much longer one and while it affords the greatest possibility of securing jurors, still it will tend to prolong the torture of the formal examination of talesmen. This may bring the present panel over into next week, and it is extremely doubtful that fine men can be found who will qualify to join in the list, and that they were forthwith dispatched to get one.

Cemetery Manager Let Off by Court

In the next batch of veniremen summoned were fifteen men. A number of a local cemetery was let off because there was no one else to look after the business. Another citizen made his legal residence in Santa Barbara, still another had to leave for business reasons, and for a moment it looked as though the entire delegation would get off.

But then the luck, if it may be so called, changed, and the next four were ordered to return even though three of them put forth what looked like fairly good reasons for being let go.

The illness of his wife was urged as the reason for exemption on the part of still another talesman, and when the attorney had all been examined the result showed seven accepted and eight excused.

Keeping the Talesmen Away From Spectators

A new arrangement has been made whereby the jurors are to enter and leave the court by the Ash avenue entrance, thus preventing them from mixing with the spectators, who will be excluded until all the veniremen are seated, when they will be allowed to fill the vacant seats. The large corps of detectives attached to the district attorney's office were particularly active during this examination of talesmen, Compton seemed to be in charge today, in the absence of Roy Schindler, and the shoulde slipping in and out of the court room seemed to him and were seen on various details of investigation.

Paul H. Sturtevant of Sturtevant Brothers, coal dealers, caused a little excitement by his earnest pleading to be allowed his liberty from what seems to be an arduous duty.

He explained that he had to attend to all the routine of the wagons and detail work of the business, which kept him busy day and night.

"There is no one else who can do this work, Judge," he declared. "You may think you know this city, but I can name you one hundred streets that you have never heard of."

The court wanted to know what the talesman's brother occupied his time with, and after ten minutes of close questioning ordered Sturtevant to return at 2 o'clock.

Nine of these sixteen were finally accepted by the court and the balance excused, after which nineteen more names were called.

Sickness, Business and Other Excuses

None to these the court had any objections to offer to proceeding before the hour set, Attorney Moore stated that he thought the entire personal examination was unnecessary, although he understood that it had always been Judge Lawlor's custom to conduct it.

He was perfectly willing, however, that

the examination should proceed. Accordingly the personal questioning began and up to 10 o'clock the following talesmen had been called and excused: William A. Sherman Fred L. Hilmer Fred W. McNeal Jonathan McMillan George E. Parker John C. Roth Charles W. Irwin McMahons.

A communication was also acknowledged from W. A. Waterhouse, requesting that his examination be postponed until tomorrow.

add 1 calhoun running story

150 Talesmen Are Brought to Court

As soon as the case had been regularly called at 10 a.m. the court announced that one hundred and fifty trial jurors had been summoned, and Attorney Stanley Moore immediately moved that the names be placed in the box without delay and twelve names drawn. As this was in effect a protest against the court's individual examination the motion was denied, the defense reserving an exception.

Following this, Judge Lawlor read the statutory grounds of exemption from jury duty from the code of civil procedure, enumerating the numerous persons who might be excused, including ministers, lawyers, doctors, teachers, soldiers, clergymen, aged persons, etc.

Assistant District Attorney O'Gara alone appeared for the prosecution, although Detective Conneau, a brother-in-law of District Attorney Langdon, and one of Burns' special agents, sat with him.

Everybody Wanted To Get Off Case

As usual everybody wanted to get off, scarcely a venireman stepped up to the bench but what had what he believed to be a good, sound ground for exemption. Each one firmly hoped that the court would see the situation in the same light as he himself did. But most of them did not realize that Judge Lawlor has had experience before with stereotyped excuses, and as good reasons were not shown they were instructed to return at 2 o'clock this afternoon.

Twelve men were first summoned within the rail, and while the questioning proceeded many of those who were forced to wait in the body of the courtroom uttered unfeignedly in their hearts and in various ways exhibited publicly the fact that the proceedings were tellingly to them, and that they were grievously taxed.

Today Isabell is a mass of black and blue bruised.

Don't shudder, though, because Isabell did it herself with her own hand, pink nailbills, and she is going into court to-morrow morning and tell Elizavina the Mrs. White the matron of the jail, old Isabell.

Isabell has the right to do what she is going to do, but she is so afraid of doing it again that she doesn't use it at all any more.

Those who have attended the district attorney's attempts to hush Isabell into quiet with attention might think her tale is tough, but Isabell's a light pitch on Isabell's

black and blue bruised.

From among the first twelve who were called six were ordered to be on hand at the afternoon session and six were allowed to go. Only one had not a reason to offer as to why he should not serve. Of those excused there were two lawyers, two men whose business would not permit of their absence, one citizen with defective hearing and one who had served as a juror in Judge Dunne's court within the last year. The latter had served in February, 1908, but had no certificate to that effect and was forthwith dispatched to get one.

TWO STREET CARS IN COLLISION

Crash Throws Passengers
Into Consternation But Luck-
ily no One is Badly Hurt.

ALAMEDA, Jan. 18.—Frenzied warning shouts, car 160 of the Santa Clara avenue line skidded into the rear of car 233 of the Park street East Oakland line at 10:30 this morning at Park and Santa Clara avenue. Both cars were considerably damaged and the passengers in each were given a severe shake.

James Johnson, a passenger in car 160, was the only person to be at all injured, sustaining a slight scratch on his left hand.

The skidding of car 160 was the cause of the accident.

Car 233 was in route to Oakland and had stopped in the south side of Santa Clara avenue to pick up its passengers. At that time car 160 was some 400 feet away going westward toward Oakland via Webster street bridge. The motorman on car 233 started his car across Santa Clara avenue, knowing that car 160 would have to stop on the west side of Park street to take on passengers. Within a few feet of Park street the motorman of car 160 threw on his brakes to bring his car to a stop, but instead of slackening speed, the car skidded over the slippery rails and crashed into the rear of the other car.

Crumpled Into Wreckage

The woodwork and glass of both cars were shattered and crumpled into wreckage. So severe was the impact that the East Oakland car was hauled from the tracks and lifted over into the street for several feet, the wings of the wheels being broken and the running gear twisted out of shape.

Among the passengers in car 233 were Mrs. L. Hartman of 1171 Report street, Mrs. V. W. Williams of 1109 Union street and Mrs. S. McConell of 3242 Bates avenue.

The collision had up traffic for some little time and the big wrecking car from the Oakland shops was called into service to remove one of the disabled cars and repair other damage.

LINCOLN'S BIRTHDAY TO BE A HOLIDAY

WASHINGTON, Jan. 19.—At the request of Grand Army of the Republic, President Roosevelt will recommend to Congress that Lincoln's birthday be set apart as a special holiday.

ROOSEVELT'S STUNT NOT SO GREAT SAYS MILES

NEW YORK, Jan. 19.—Lieutenant General Nelson A. Miles, retired, who arrived from Europe in the steamer Minnesota, does not think President Roosevelt's plan to make eight hours in sixteen hours is a record-breaking venture or one that army officers could not ride in.

"Why," he said, "in an offhand sort of way, when told of the President's ride from Washington to Warrenton, 'that is not any record. Not long ago I rode ninety miles in nine hours, and took one of those cars for luncheon, and then revisited troops, for I never thought of that. It was easy.'

"Don't you think you are in danger of being put in the Ananias Club?"

"Not afraid at all," replied the soldier.

"If anybody doubts me I will do it again."

JONES NEW SENATOR STATE OF WASHINGTON

OLYMPIA, Wash., Jan. 19.—Wesley L. Jones was elected to the United States Senate today. In the house the vote stood: Jones, 89; Colter, (Dem.) 5 abst., 1.

EVERYBODY WILL BE THERE

What Does a Little Smoke
Amount to Anyway.

A few weeks ago there was a conflagration on Broadway which looked through the entire block of stores between Ninth and Tenth was doomed.

After a stubborn fight by the "admiral" the large stores got off with nothing more serious than a good smoking and wetting.

The largest stock located in this fire was that of the Ted Front Clothing Company, corner Ninth and Broadway. The insurance adjusters soon fixed up the smaller stores, but it took several weeks to come to a satisfactory understanding in reference to the Red Front.

Today the adjusters settled with Garfinckel Bros. Company, and this fine large seasonable stock will be placed on sale at very satisfactory terms to the public. The only damage done was wetting and smoking. The stock had just been received fresh and now that the fire has largely destroyed the rest of the building the best of the bags are in line. The entire building must be repainted, and that means a clean sweep of all goods in the house.

WAS IT MURDER?

Did Kempton Kill Himself or Was He Victim of Foul Play or an Accident?

Did Jerome Kempton, whose decomposed body was found in the estuary at the foot of Twelfth avenue yesterday, by W. Peters, commit suicide, or was he murdered?

There was an ugly gaping wound in his throat as if the neck had nearly been severed from the body. The morgue officials are undecided as to whether the man's throat was cut or whether he committed suicide by plunging into the bay, the wide gap being the result of decomposition.

Insurance Policy

The deceased also carried a life insurance in the Metropolitan Life Insurance company, but had allowed it to lapse since the death of his daughter. This leads the morgue officials to believe possibly that the deceased was despondent and committed suicide. On the other hand the gaping wound in the throat supports the theory that he was murdered.

History Is Obscure

Thus far the history of the deceased is very obscure. It is thought that he came from San Francisco. He has a brother, S. L. Kempton, in Los Angeles. He was in receipt of letters from there and he also had letters bearing the postmark of San Francisco. The remains had been in the water for a period of a month or more and it was with the utmost difficulty that the writing could be deciphered.

Buried Daughter

From among his personal effects was a receipt bill from Moss, the San Francisco undertaker, showing that the deceased had buried a daughter by the name of Julie in the year 1904. That the

daughter was tenderly cherished in the memory of the deceased was evidenced by the fact that he carried her photograph close to his heart and also had a pocket book, little trinkets and a lock of hair belonging to his little one.

Telegraphed South

At the present time there is no means of ascertaining how he was situated financially but from the tenor of the letters in his pocket he was a well-to-do man of no little education.

Colonel Tisdale has telegrammed Los Angeles, informing the brother there of the finding of the body.

In the mean time cues leading either to the suicide or murder theory will be run down by the morgue officials. It is possible that the inquest will shed light either on any theory or the other.

Crashed Into Wreckage

The woodwork and glass of both cars were shattered and crumpled into wreckage. So severe was the impact that the East Oakland car was hauled from the tracks and lifted over into the street for several feet, the wings of the wheels being broken and the running gear twisted out of shape.

Gillett's State Road Plans.

The position taken by Governor Gillett on the subject of the development of a system of State highways through the bond issue which he has proposed is unquestionably unassailable. He defined it clearly at the interview which the representatives of California Good Roads Association had with him at Sacramento, at which that organization proposed the creation of a State highway commission and the development of a State highway system by the several counties taking the initiative under the supervision of the State Engineer and the State accepting the result.

The Governor pointed out plainly that such a plan could not be worked out to produce uniform results. Some of the counties, as he said, would construct standard highways; others would neglect to do so; every county would carry out a road plan which would serve its own interests first, and there would consequently be no continuity or harmony in such a scheme.

If the State is ever to undertake the construction of State roads and assume the cost of their maintenance, it must be under some well defined plan drafted by the State for the best interests of the territory concerned, without any direct concern in the special interests of any county. The counties can so develop their own special systems so that they will naturally dovetail into the State highways, and the result will then be a harmonious and comprehensive network of good public highways covering the whole State. There is no question that one of the crying wants of the State is better public highways than many of the counties now possess, and the Governor's plan of State road construction seems to be the only feasible way of raising the standard of county roads to a point where they will be of the greatest benefit to those concerned and stimulate those counties which are now laggards in the matter of building good roads to reach the standard set in the State roads.

Is the "Pegleg" a Reality?

The story of the discovery and loss of the "Pegleg" mine in the desert region of the southern part of the State has been oft narrated with many variations. It is one of the earliest mining romances of Southern California following the discovery of gold at Coloma by Marshall. In its original form the story went that Pegleg, a desert prospector, so-called because he was maimed, crawled into Bakersfield on one of the early days in a partially demented condition produced by the privation he had suffered, bearing with him nuggets and gold-bearing quartz specimens, which he represented he had taken from a ledge of incomparable richness he had discovered in his wanderings in the desert region, but which he was never afterward able to re-locate. His story was on a par with that other desert myth known as the "Gunsight" mine, wherein a prospector had used a piece of native gold he had broken from the outcroppings of a ledge which he came across in his roamings in the desert to repair the barrel of his rifle, and the bearings of which he was not afterwards able to re-locate. When the "Yellow Aster" mine at Randsburg was discovered, about twelve or thirteen years ago, desert prospectors settled down to the belief that the "Gunsight" mine had been found.

The "Pegleg" mine remained, however, an object of persistent, although unsuccessful, search by desert miners for many years after the death of the maimed prospector, until it finally was classed as one of those alluring and mythical romances created by the vivid imaginations of the early searchers for the auriferous treasures hidden in the inhospitable waste in the southeastern part of the State. But the story of Pegleg's alleged discovery is now revived by the return of a man from that section of the Colorado desert lying east of the San Jacinto mountains, in San Diego county, bearing with him gold nuggets, the largest of which weighs nearly four ounces, and specimens of gold-bearing quartz assaying \$17,000 per ton, which he claims to have obtained from the long-lost "Pegleg" mine. This re-discovery, if it be one, constitutes part of an aboriginal romance of some years ago, when an old Indian is alleged to have revealed to the miner the location of the rich deposit on a pledge that the secret should be kept until after his death. The latter occurred recently, and the miner was prompted to re-locate his claim by the recent discovery by two other miners of an equally rich ledge on Steamboat mountain, which he at first suspected was the "Pegleg" vein, but which turned out to be eighty miles west of the latter. Whether or not either of these rich finds are in reality the "Pegleg" vein, they go far to prove the great mineral wealth of the Colorado desert region, which has long been suspected by mining men familiar with its geological formations to be the richest natural treasure storehouse in the State, and which, when its extent shall have been completed, will probably prove to be so.

Arizona and New Mexico Statehood

The hesitation on the part of Congress to carry out the Republican national platform pledge to immediately admit Arizona and New Mexico to separate Statehood is unaccountable. The representation that the time for the passage of an enabling act at this session is too short is an entirely false pretense. A suitable enabling act has undoubtedly been prepared long ago and is in readiness for Congress to act thereon any day it gets ready to do so. The ability of Congress to pass such a measure at this session is unquestioned. The Republicans control both houses. Even the feeble excuse for previously defeating the bill providing for the admission of these two territories to separate Statehood, namely, that one, if not both, might choose Democrats for Senators, and thus disturb the balance of power in the Senate, is no longer admissible, for both territories have elected Republican delegates to the House of Representatives. Whatever may be the mysterious agency which is blocking the way to the admission of these two territories to the rights of self-government, it should be brushed aside. If it is not done so, at this session, the Republican leaders will be rightfully chargeable with a breach of faith and responsible for the failure. The enabling act should go through at once, and the Republican majority in Congress put itself on record as disavowing the assumption that political platforms are merely "framed to catch votes like molasses to catch flies," or, as Talleyrand described treaties, "like pie crust, made to be broken."

If the United States has hitherto been inclined to follow in the wake of other naval powers in the development of its navy, the plans outlined by the Navy Department for the construction of new battleships indicate clearly that it will lead in the matter of the construction of big warships. The new battleships designed when constructed will dwarf all of the Dreadnaught type built by the British government or undergoing construction by any other naval power.

CHARGED WITH VAGRANCY

News Item—"Girls, stay single. Old maids are blessings" is the substance of President-elect Taft's speech made before the Girls' Normal School at Atlanta, Georgia.

Protection Against Periodical Floods

The one of a flood in the Sacramento and lower San Joaquin valleys will be present until some rational, general and uniform method of treating their channels, protecting their banks and controlling their flood waters is adopted and systematically carried out. Federal, State and private interests are bound together inseparably in the problem, but there has been no co-operation between these interests in working out its solution. Up to date it has been pretty much of a go-at-you-please affair—individual land owners or a combination of land owners within a given district working out a local plan of mutual protection entirely distinct from and independent of the conditions existing elsewhere along the lines of the rivers.

What is wanted, above everything, is that all interests concerned in the control of the flood waters within the channels of the water courses constituting the arterial waterways draining the great central basin of the State shall work together in harmony to accomplish, through co-operation, a common result.

Under the system which has hitherto been carried out, the safety of one section of the basin in the time of flood has depended upon the levees, erected to protect some other section from being inundated, yielding to the pressure and scattering the flood over the floor of that part of either valley. This has, in fact, been aptly illustrated in the present flood in the case of Sacramento, the safety of which was seriously menaced until the levees on the other side of the river broke and the overflow rushed into the Yolo basin. The pressure on the Sacramento levees was at once relieved and its safety from inundation assured, but it was done at the expense of flooding a large cultivated area in the basin.

Before the Sacramento and the San Joaquin rivers can be fully controlled in flood time, the Federal Government will have to dredge to a reasonable depth their navigable channels and straighten their courses, to facilitate their navigation and the flow of the drainage; the State will have to provide means for the storage and conservation of the storm waters in the mountains and regulate the volume carried by the rivers, and the owners of the land subject to overflow in the great basin will be compelled to submit to a general assessment for the construction of protective levees. The dredging of the river beds will contribute materially toward strengthening the levees and reclaiming the tule lands bordering upon them through the deposit thereon of the debris excavated to correct the channels of the streams. There will be no security from periodical floods and their destructive results until these plans are systematically carried out, whatever may be the cost.

While much damage seems to have been done by the flood through the destruction of dams, bridges, railroad tracks and the inundation of large areas of fertile valley lands, when the time comes to strike a balance between the profits and the losses, after the harvest season of the year is closed, the State generally will be shown to have been an immense gainer by the recent rainstorm, which has given it a drenching such as it has not had before for many years. There is yet time to repair much of the damage done to the agricultural lands in the valleys, as these will drain off with the falling of the rivers, and this is taking place now.

The Stockton Independent is advocating the adoption of the rock pile by every community between San Francisco and Sacramento and Fresno to offset the invasion of the intervening territory by an army of tramps and hoboes said to be 1200 strong. Oakland has returned to the chain gauge to relieve itself of the vagrant nuisance, and in this way it is making those who have no visible means of support other than begging from door to door for a "hand-out" or importuning pedestrians on the streets for money contribute something toward their support through the winter months.

NOTE AND NEWS

Pliny Glory should follow, not pursued. him to the ministry, and following the direction, would have gone to an unfinished building had another visitor not saved him. He wrote to his home in London on that evening. "There are beautiful places in California, but they are not as pleasant to tell you where they are—they do not know."

What great improvement the young man's life is! He is waiting for persons who will devise some method of making it still easier glide along, or to make it stop the traffic in bogus ocky."

Why, after all, the activities of the world society rapidly to countering and punishing? So far as there are no counterfeits nor salvers in Congress,

The Democrats in Congress are roughly disposed to help along the inland territories. The Democrats give every much encouragement in making it if useful.

South Australia's assembly witnessed a dramatic scene recently. During a debate the prime minister stated the government had cut off a commander's finger because he had joined the rebellion against the queen. The member for the station, when the prime minister announced the house by actually stretching forth his hand with a bottle in it, exclaiming "Here's the finger, and the deposition accompanying it."

At one time there were two members of the British House of Commons named Montague Matthew and Matthew Montague; the former a tall, handsome man, the latter a jaded-looking man. On a question of an amendment the speaker was addressing the latter as the "tamer." Montague Matthew observed that it was strange he should make such a mistake, as there was as great a difference between them as between a horse and a chestnut horse.

A man on his first visit to Washington, a few days ago, boarded a trolley car in Pennsylvania avenue and asked a conductor if he was going toward the White House. The conductor replied, "The White House—the President's home?" "Don't know—I only live on two days; ask him," puffed the associate conductor in the trolley car. He also hesitated before answering, but finally remembered, just as the car rounded the foot of Capitol Hill, that the White House was in the other direction. Having gone so far, the trolley conductor got out on the journey to the top of the hill, slipped in the car into the snow and asked a workman on the grounds to

If wolves were never clothed as sheep, Had innocence no cause to weep, If men their New Year's vows would keep, How thankful we should be.

TIMOTHY HAY.

SAY HIS WIFE USED CIGARETTES

Undertaker Henderson Says She Drank Beer and Played the Races.

The divorce case in which Maud Henderson is suing John Ezra Henderson ex-minister, preacher and politician is on trial in Judge Harris' court today. This morning Henderson put on testimony to show that his wife was addicted to smoking cigarettes, drinking beer, playing the races and attending diners and going to skating rinks and places of amusement with other men.

Henderson, by the way, has a cross-complaint against his wife.

Mrs. Henderson took the stand and told how her husband had more than a hundred times she said, added her to get some money out of one or two or three of them. If she wanted them, stating that he too was "shaving." It is expected that the testimony in the case will be finished this evening.

Funeral of G. H. Payne

ALAMEDA Jan 19—Impressive funeral services were held this afternoon over the body of George H. Payne, who killed himself at his home last Saturday afternoon while temporarily insane from long illness and much suffering.

Dr. E. E. Baker of Oakland an old-time friend of Mr. Payne conducted the services. The honorary pall-bearers were men who had known the deceased the better part of life time and who were his warm personal friends—Judge John Ellsworth, President D. L. Randolph of the Alameda Board of Education, L. J. Ladd, fellow lumberman, S. J. Slade of the Slade Lumber company, Dr. Leo P. Reynolds, Mr. Payne's son-in-law, pastor and friend, and A. H. Powell.

The active pall-bearers were selected from among the employees of the D. M. Derby Lumber company of which Mr. Payne was president. Judge Ellsworth put over his court business this afternoon in order to attend the funeral.

The music numbers were by the Golden Gate or Masonic quartet.

Oak Grove Lodge of Masons and Alameda chapter Royal Arch attended the funeral in a body. Mr. Payne being a prominent Mason. In addition the funeral was attended by a large number of prominent residents of all the bay cities and a big out-number of the fellow townsmen of the deceased.

The interment in Oakland was private.

Show Preference To Root for Toga From New York

ALBANY, N. Y. Jan 19—Republican members of the Legislature today formally recorded their choice of Lillian Root for United States senator to succeed Thos. C. Platt. The Democrats nominated former Lieutenant Governor Lewis Chaton. Tomorrow the Legislature in joint session will decide Mr. Root elected for a term of six years.

Gov. Patterson Vetoes Prohibition Bill

NASHVILLE Jan 19—Governor Paterson filed his veto of State-wide prohibition bill with the clerk of the Senate after that body had adjourned for the day.

THIEF PLEADS GUILTY AND GETS 18 MONTHS

SAN FRANCISCO Jan 19—Frank Carlson this morning sentenced Frank to a term of eighteen months in San Quentin penitentiary on a charge of burglary. The defendant, after confessing, pleaded guilty to the accusation against him to the effect that he had stolen a quantity of carpenter's tools from a house in the Sun-set district.

MAI EMPLOY CLERKS FOR COMING ELECTIONS

The City Council last night authorized the City Clerk to employ two or three clerks to help to prepare for the coming election in March at which time the regular election as well as the bond election will be held. The compensation of the clerks is to be at \$100 a month.

MI-ONA Cures Dyspepsia.

IT RELIEVES STOMACH MISERY ALMOST IMMEDIATELY

If the food you eat at your last meal did not digest but laid for a long time like lead on your stomach then you have indigestion in one of its stages and quick action should be taken. Of course there are many other symptoms of indigestion such as belching up of your food, heartburn, distress, stiffness of breath and foul breath and if you have any of them your stomach is out of order and should be corrected.

MI-ONA tables have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress MI-ONA will relieve instantly. Eat MI-ONA tables and you will find dyspepsia removes more than can relieve it permanently. Dyspepsia or any stomach trouble by putting one or two and strength into the walls of the stomach where the gastric juices are produced.

A large box of MI-ONA tablets costs but 50 cents at all drug stores and are guaranteed to cure or money back. When you fail MI-ONA tablets there are the voluntary substitutes.

"Stomach can complain his given me all sorts of suffering for 3 years past and I have doctorized several times to cure it. There has nothing or given me that I needed and I can't until I eat MI-ONA. This remedy stopped the pain in my stomach and I believe the following sensations and walk depressed feelings MI-ONA is the best medicine in the world. Grand Rapids, Mich., Oct. 21, 1908.

"I have used MI-ONA for stomach trouble and indigestion. The use of MI-ONA cured me of constipation, inability to digest my food, hard, dull pains in my side and through me. There are no words strong enough to express my good opinion of MI-ONA. E. Brownley, Court Street, Osgood, Mich., Oct. 8, 1908.

MI-ONA sold in every town in America. Booth's Laxative Pills for constipation 5 cents. All leading druggists.

Completed in Judge Cook's court January 2 on a charge of man-hunting for having shot and killed his mother in several months ago, brought suit for divorce this morning. The only allegation contained in the complaint is that the man was convicted of a felony and sentenced to four years imprisonment in the penitentiary.

MINERS DEMAND RAISE OR THREATEN TO STRIKE

WINNIPEG Jan 19—There is great interest among the coal miners engaged in the Southern Alberta and British Columbia mines and before the renewal of the two men's agreement on April 1, 5000 men may go on strike. This would mean a great shortage in the coke supply. The men demand an increase of pay.

OAKLAND HARBOUR

Channel to Be Deepened and Whole of Brooklyn Basin to Be Dredged.

CONGRESS Resolution No. 64 passed in the Senate Monday directs the Secretary of War to make a re-survey of Oakland Harbor on three different proposed sites. The bill reads as follows:

"Mr. Peckham submitted the following resolution, introduced in the House of Representatives, concerning the Secretary of War to cause to be made a re-survey of Oakland Harbor on three different proposed sites, to be submitted to the Senate, to the president and future demands of commerce, and to submit the cost of the following three sites:

"(1) Numbered 1—A channel 700 feet wide and 100 feet deep from San Francisco Bay to the foot of the 15th Street wharf, thence west and 25 feet in 200 to 300 feet wide and 25 feet at low tide. Two sand banks are to be avoided, except that depth may be increased to 100 feet at low tide.

"(2) Numbered 2—Same as proposed number 1, and except that the whole basin will be 100 feet wide and 25 feet at low tide.

"(3) Numbered 3—Same as proposed number 1, and except that the whole basin will be 100 feet wide and 25 feet at low tide.

"A report of the suspended canal, which authorizes the Secretary of War to make a re-survey of Oakland Harbor, was introduced by Mr. Peckham, chairman of the House Committee on Public Works, and was referred to the Select Committee on Public Works.

"The bill authorizes the Secretary of War to cause to be made a re-survey of Oakland Harbor on three different proposed sites, to be submitted to the Senate, to the president and future demands of commerce, and to submit the cost of the following three sites:

IN VERDI'S 'IL TROVATORE'

Lambardi Introduces Spanish Artist of Great Talent

(By J. J. Rosborough)

Many Lambardi is here this week about in the city. San Francisco, where he is the Mac Leod of the city, is in full swing with Sunday night. His repertoire consists of the most brilliant and stirring masterpieces of Italian opera. Several new faces appear among the large and well-trained chorus. In addition to which an augmented orchestra of twenty-two pieces is now serving, and now costumes prove this season's production on the singer's scale yet attempted by this much-welcomed importation.

Ever Popular "Il Trovatore"

Last night they sang "Il Trovatore" in the old Alhambra. It would have been called "Hail" night, when the order of battle was strongest and Italian fashions used to have their walls drumming of sumptuous to the operas' tuneful mouths the most sumptuous of all in the land of their nativity.

It is well to add that the point of Verdi's "Il Trovatore" may point out, photographs play it and vaudeville artists have seen it since the first performance remained the same as its spell abiding. The thrill and charm and the Italian singer takes it as it naturally as a child to play.

The production by the Lambardi Company was of a high order, from the rise to the fall of the curtain on the last act and best of all it had its "dark horse"

Frau a Sensation

Unfortunately there was a non-downstage house. Her vocalism infused a thrill unparalleled, unknown and unexpected approach to the top on the horizon in the repertory of Dalmatian. It is the magnitude that she has, fairly staggered the audience, which when it recovered seemed to realize that operatic history was again being made as it was when we discovered Tintoretto in an obscure way. So it went mad with delight, which was heighted into frenzy as the evening grew older. A tip to the wise: inquire at the box office when she sings again—the name is Frau—it she is not to appear twice then follow the company to San Francisco. It's worth it.

Is Calve's Equal

Schumann-Heink cannot always hold her on the position. I know of no other, but it is a woman who is singing with the woman. It is the note of the pealing note of an organ.

Indeed, I sought the singer at the end of the second act, and found this about her. She is from Spain, and has been singing in La Scala, Milan, a great distinction in Italy. She was about to sign with the Royal Opera Company, and was to sing for the Royal Russian. When Lambardi seems her for this season, her place in America. Some day New York will discover her, and then two

or three years from now she will be world famous.

Campoli, Disappointing

The much-vaunted Elisa Campoli is not the equal of the slender, wavy-haired singer. Her voice is not quite as good as the two others.

Indeed, I sought the singer at the end of the second act, and found this about her. She is from Spain, and has been singing in La Scala, Milan, a great distinction in Italy. She was about to sign with the Royal Opera Company, and was to sing for the Royal Russian. When Lambardi seems her for this season, her place in America. Some day New York will discover her, and then two

or three years from now she will be world famous.

A Remarkable Contralto

She is one of the few contraltos I have heard whose voice does not change from the chest to the head, and whose high notes are clear, like a bell.

Indeed, I sought the singer at the end of the second act, and found this about her. She is from Spain, and has been singing in La Scala, Milan, a great distinction in Italy. She was about to sign with the Royal Opera Company, and was to sing for the Royal Russian. When Lambardi seems her for this season, her place in America. Budget of Interesting News From the Legislature, Which Covers Matters of Much Public Importance and Interest Generally

SUFFRAGISTS' BILL GOES BEGGING FOR A SPONSOR

Fair Lobbyists at Capitol Conduct 'Lady like Campaign,' but Senators Duck Fathering Measure.

(By EDWARD A. O'BRIEN)

SACRAMENTO, Jan. 19.—The proposed amendment to the State constitution extending to women the right of suffrage has not as yet been introduced into the Senate for the reason that the movement of the campaign desires to have on hand, at the time of the introduction of the measure, hundreds of women who, they think, will have the effect of convincing the legislature how general is the desire of the sex for the reform contemplated.

This display has been deferred from time to time by reason of the inclement weather, because, since the opening of the session, there has not been a day which has not been characterized by a downpour of rain, in which it was impossible for ladies to appear on the streets without endangering the effectiveness of the finery in which they hope to make themselves irresistible when they move upon the legislature.

Senators Shy at Measure

In this connection it may be stated that it is as yet unknown who will introduce the measure in the upper house. Senator Wright of San Diego, who brought the amendment at the last session, will not be responsible for it this year. Senator Black, it is understood, has declined the honor. The suffragists have been dimming Senator Savage of San Pedro, but that gentleman is non-committal as to whether or not he will appear as the ladies' champion. In fact, at this time, the impression obtains, among many members of the upper house, strength as it may seem, that the suffrage workers have been unable to find a senator to introduce the measure.

In the meantime there is a daily growth experienced in favor of Senator Sanford's bill on the subject, which is to allow women alone, in a special ballot box provided for the purpose, to vote at the next general election as to whether or not the women's franchise is to be granted to their sex.

The senator says that a majority of the Senate favors his proposition if it can be presented in a manner which will not be in violation of the constitution.

Campaign is Ladylike

Thus far the campaign of the suffragists in the capital has been conducted in a most quiet and ladylike manner. In some respects it is at variance with the conduct of preceding campaigns, not with respect to the leaders of other years, but with reference to some of the hexagonal who, some of the legislative ladies are happy, not here today and who will not in all probability, put in an appearance here during this campaign.

Senate Is Threatened

"While I was walking down the aisle of the senate I was met by a woman who was threatening to vote for the amendment which was then pending. I told her as I had told the other ladies that I was opposed to the measure and that the leaders were aware of the fact, and that if I were left alone I would content myself with voting against the measure, but if the contrary should be the case, I would make a speech against it."

"The woman threatened, however, that my vote against the amendment would be remembered against me and that I would find out the consequences later. I left the lady and when the amendment came up for adoption I spoke against it."

As the day went on, however, the bill was up for discussion, the bill passed in the assembly. When it came up in the senate it failed of a sufficiency of votes. There was a reconsideration of the vote ordered and it was supposed that on the final vote the proposition would carry, but it failed of success. It was by a slight margin only, and it is close now in the vote which has caused the agitators to feel that the measure will pass both houses at this time.

Willis Opposes Measure

Senator Willis of San Bernardino is one of the members who is in a position to distinguish between the methods of those who are working for the amendment in the capital at this time. He is a lawyer, a man of great common sense.

There is a bluster of the bluster which characterized some of the advocates of last session, as also those of earlier years, and, instead, there is a quietness, a sweetness and gentleness which are apparently having their effect.

Senate Is Threatened

Notwithstanding the fact that the rooms in question were intended for committees, one of them, as soon as completed, was taken possession of by the State Board of Agriculture and is still held by that body.

Today, however, a resolution will be introduced in both houses to the effect that the rooms in question are to be used exclusively for the committees of the two houses, whether the legislature is in session or not, and that when the session adjourns they are to be locked and remained unoccupied until the next gathering of the law-makers.

Rooms Are Attractive

The rooms have been put in order by Sergeant-at-arms Lou Martin, and his deputy for many years, J. G. McCall, both of Oakland, and present a really attractive appearance. They are richly carpeted and the furniture is both modern and durable.

Sergeant-at-arms Jack Stafford is as proud of the committee rooms in the as-

sembly as are the officers mentioned on the other side of the capital.

This is the first time that the legislators have had rooms of their own in which to hold committee meetings. Heretofore committees have been compelled to meet in the offices of State officials and sometimes a pair of committees have had to discuss subjects in one room and at the same time.

Board Is Ousted

Notwithstanding the fact that the rooms in question were intended for committees, one of them, as soon as completed, was taken possession of by the State Board of Agriculture and is still held by that body.

Today, however, a resolution will be introduced in both houses to the effect that the rooms in question are to be used exclusively for the committees of the two houses, whether the legislature is in session or not, and that when the session adjourns they are to be locked and remained unoccupied until the next gathering of the law-makers.

STATE HOLDINGS ARE VALUABLE

SACRAMENTO, Jan. 18.—State Controller Nye, in his biennial report which has just been presented to the Legislature, directs attention to several matters of interest to the people of Oakland and vicinity, and among other things has the following to say of the harbor of that city:

"The State's interest in the water front and the tide lands of San Diego and Oakland can be estimated easily, because in both cases portions of the harbor lands are in the possession of the State and have a commercial value. The San Diego property is valued at a total of \$1,692,038. At its last regular session the Legislature made an appro-

priation for the purpose of settling disputed titles to some of this property."

Commenting on the condition of the Home of Industrial Trades for the Adult Blind, at Telegraph Avenue and Thirty-sixth street, in Oakland, the Controller says:

"In the forty-ninth fiscal year the expenditures, including the adult blind fund, amounted to \$36,401.00. In the fifty-ninth year, on the same basis, the expenditures were \$64,258.01. Omitting consideration of the adult blind fund, which had apparently been used to buy material and pay wages of blind workers, the expenditures were \$21,195.82 in the forty-ninth year and \$25,710.03 in the fifth-ninth. In the former year, in the report of the Senate committee, the inmates numbered 107, and in the latter year the average number of inmates according to the report of the Controller was 100. On the basis of cost as above given, the per capita expense would be \$1,08.09 for 1897-8 and \$251.98 for 1907-8."

The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of Ayer's Pills. Then follow his advice.

MEN WHO ARE PROMINENT IN THE MOVEMENT OF WOMEN TO SECURE A BALLOT.

Year

"More Circumspection This Year

"This year there is even more circumspection on the part of the ladies. Last session, it was not unusual to see them on the floors of each house trying to convince members to favor their proposition but now that is a thing of the past. There is to be no more lobbying on the door of either house, ladies even being included in the prohibition. I must say that they are making a nice impression, however, in their deportment. I like the way they show how I stand on the subject. It is a pleasure to listen to them in their arguments and to note their earnestness to convince men of the worthiness of their cause. You no more see them on the floor of the house or the senate interfering with business of the legislature or annoying members of either house. I like very much the way they approach members, they do so without the assertiveness which in past years has caused legislators to be against them."

"I want to say that the present kind of campaigning has not been without effect. I think they have gained some very by this method."

"At the opening of the campaign two years ago I told the ladies that I was against the proposition and that I would vote against it. I stated also that if I were treated in a respectful manner I would not speak against the proposition. I was treated in that manner by the leaders, number of whom I see here today, but I am sorry not by all of them. The day while I was visiting my desk in the senate I remembered that I had to see some person outside who had sent in his card, and I left my work on my desk for the purpose of attending to the gentleman who had asked to see me."

The day while I was visiting my desk in the senate I remembered that I had to see some person outside who had sent in his card, and I left my work on my desk for the purpose of attending to the gentleman who had asked to see me."

"I want to say that the present kind of campaigning has not been without effect. I think they have gained some very by this method."

"At the opening of the campaign two years ago I told the ladies that I was against the proposition and that I would vote against it. I stated also that if I were treated in a respectful manner I would not speak against the proposition. I was treated in that manner by the leaders, number of whom I see here today, but I am sorry not by all of them. The day while I was visiting my desk in the senate I remembered that I had to see some person outside who had sent in his card, and I left my work on my desk for the purpose of attending to the gentleman who had asked to see me."

HEART—TRIBUNE'S PAGE FOR WOMEN—HOME

Woman With Two Wrinkles Over Nose IS 44

NEW YORK, Jan 19.—If a woman has three wrinkles across the forehead she is twenty-seven years old.

If she has two between the eyebrows she is forty-two.

This is what Mrs. Dr. Jennie de la Mois told the members of the Club.

The physicians said Mrs. Lester "say that person is as old as his arteries and metastisists declare that one is only as old as his men at attitude. But I tell you that no matter what one's state of mind, the hair will turn gray and the crow's feet gather around the eyes. A man says that he cannot tell a woman's age but when she gets three transverse wrinkles across the forehead she is twenty-seven, when she gets two or three perpendicular wrinkles between the eyebrows she is forty-four, and then she begins to put on wrinkles."

Lived to Be 105

The club was discussing "Problems That vex and the chafing of the skin" Mrs. J. Henry McElroy, having had the unique experience of having had a great grandmother with whom in her childhood she learned to play "Muggins and Old

George Eliot Says: Happy When Serving

George Eliot says that a woman is never so much at home with herself as when she is serving and a famous nerve specialist declares that the act of serving has two distinct effects—one advantageous, the other detrimental. To sit down quietly with the body well relaxed, and by the needle is a recreation, but to sew under strain—there is nothing that so quickly irascible the nerves.

No Liquor-Laden Kisses For Spokane Maidens

SPOKANE, Wash., Jan 19.—A afternoon 275 unmarried girls of this city signed a pledge that they would never make advances from any young man of the sort above classed except those which the young man would make in the presence of the girls.

Spokane girls are adding tobacco to their vocabulary and regular purity meetings held at intervals.

Spokane is identified with the Billy Sunday evangelistic party. Many of the most prominent young society women of the city are identified with the movement.

At a meeting in the armory Sunday

Alderman-Athlete Wins Wealthy Bride

PITTSBURG, Jan 19.—Miss Katharine Vilsack and business man John J. Mulcahey, New York alderman and former state senator, were married in St. Paul's Cathedral, thus bringing to a climax a very pretty romance. Miss Vilsack was attracted to the New York alderman when she saw the heroic statues of "Power and Strength" at the St. Louis World's Fair, of which she later learned Mr. Mulcahey was the model.

Disabled Teachers Ask for Pension

Missouri teachers have a good many things to do, according to the state teacher. There is a minimum salary of \$40 a pension fund for disabled teachers, a minimum age of 18 years, consolidation of rural schools, close schools when attendance is less than six pupils, special schools for defective children, medical inspection of schools, tax of one-tenth of 1 per cent on corporations, and a minimum of 100 hours for the county supervisor for destitute children. This also asks that a state board pass on teachers examination papers.

When Is a Dance Not a Dance?

NEW YORK, Jan 19.—When is a dance not a dance? A question which 14 puzzling Magistrate Cornell of the west side police court, when he was arraigned yesterday. Valets, Sturts and her partner, Billy Gould, 14, both being charged with having violated the Sunday theatrical law when they appeared on the stage of the Colonial last weekend.

Two policemen who made the arrests said that the couple appeared in stage costumes, sans a skirt and "all around the stage in a sort of a dance."

Policeman Colonna said that the magistrate's costume resembled a century past having its bulk below and the upper portion far separated.

"And it was cut low, your honor," said Colonna.

"How low?" asked the court.

"Down to the heart," and Colonna indicated the lowest button on his vest.

Gould entered a vigorous denial.

We've been in the business twenty-two years and we know how to dance. If a couple walk down the aisle to a wedding march, your honor would not say they were dancing.

The magistrate was in doubt and gave the attorney a week in which to prepare briefs.

Matrimonial Chase for Wanted Hubby

LEXINGTON, Ga., Jan 19.—Having decided to marry Glad Potomak and Miss Ola Myrtle Peterson in obtained a license and started out in a buggy in search of some one to tie the nuptial knot.

Meeting Squire John P. Faust just at Indian Creek, he was requested to marry them. With both buggies standing in mid-air, the words "I do" were exchanged which made them man and wife. Mrs. Potomak is a niece by marriage of her present husband. Before her first marriage she was a Miss Chapin.

Miss Marjorie Gould in Her Coming Out Gown as She Appeared Recently

"I Am Not a Society Girl at All; I'm a Regular Country Kid," Says Fair Debutante.

NEW YORK, Jan 19.—Miss Marjorie Gould, whose coming out ball of the Plaza was the most noteworthy social event of the season, chooses to be known as a country girl.

Why I am not a society girl at all I'm a regular country kid, and I'm not a society girl at all. I love the open air. I love the country where I can drive my tennis and squash and skat.

Miss Gould is a tall, blonde, with a very white complexion and a mouth that is the most sensible news and now that I'm over, she wants to return to her outdoor life at Georgia Court in New York.

"I'm not a society girl at all. I'm a regular country kid, and I'm not a society girl at all. I love the open air. I love the country where I can drive my tennis and squash and skat.

CASTAWAY BOY HUNTS MOTHER

YOUNG LAMBERTON UTTERLY DESTITUTE

Deserted by Parent, Son of Wisconsin Millionaire Says De Purton Gliddon Is Cause of His Troubles.

Practically penniless and without friends, William Lamberton, the Wisconsin millionaire's son, who was thrown into prison Saturday night at the request of his mother and released yesterday without bail, today searching the city for that mother, waiting anxiously to forgive her.

Only a Boy
"I'm only a boy of 18, he feels at once destitute and alone. He has the right to live, he is to be stood on the wide streets of the grim off city hall this morning with the iron chain in his ears, the iron chain which he received from a friend in New England today, promising him financial aid, so far the only help he has received."

Mother in Hiding

Mrs. Gliddon, Lamberton's mother, who was responsible for his arrest on a charge of disturbing the peace in her apartment, at the Key Route Inn, San Francisco, is in hiding, though Lamberton believes she is staying with a Mrs. Fisher, whose address he does not know in this city.

She left the Key Route Inn yesterday, De Purton Gliddon, an English lawyer who is accused by the Lamberton of using undue and harmful influence on his son, Lamberton.

Accuses Mother of Fast Living

The trouble arose over a quarrel between the boy and his mother Saturday evening. Lamberton remonstrated with his mother, for the alleged fast manner in which she lived, but of improper relations with Gliddon.

Mrs. Lamberton is coming angry summoned Gliddon to her apartments, which were last night at the hall from which Gliddon entered without knocking and without a word.

He was hot along through and he reached for his handkerchief in his pocket. Gliddon ducked. Then he fled. Gliddon is a refined gentleman.

Mrs. Lamberton has explained since that Gliddon is a refined attorney and didn't want to quarrel before a lady companion informed the police and the boy was put in jail.

Mrs. Lamberton is the woman who achieved considerable notoriety through a lawsuit in Los Angeles involving aged John Bryson, former mayor of that city some time ago.

Bryson has brought suit to set aside a big property gift of the million acre to the woman.

Wins the Suit

Gliddon fled with Mrs. Lamberton and

Gliddon who is at present at the Fairmont Hotel in San Francisco, refuses to tell where the woman can be found.

TROUBLE BETWEEN UNITED STATES AND VENEZUELA TO BE SETTLED

CARACAS Monday, Jan. 18 (via Willemstad, Curacao Jan. 19)—A protocol for the settlement of the disputes between the United States and Venezuela has been practically agreed upon by W. I. Buchanan, the special commissioner of the United States who came to Caracas several weeks ago for the purpose of composing the difficulties between the two governments, and the Gomez administration. The protocol in its plain form, provides for arbitration after a stipulated time when the individual claimants and the Venezuelan government have failed to reach an agreement.

The final form of the protocol is awaiting the consent of Secretary of State Root to certain modifications in the claim of the New York and Bermudez Asphalt Company, which, through their representative of the Orlinao corporation, one of the claimants, has called the company to send to Caracas an attorney to adjust the settlement.

Three Injured in Earthquake

SMYRNA Jan. 19—A sharp earthquake was experienced here this morning, but there was no damage. Reports received here from Phoenix, twenty miles northwest, say that a number of houses fell and that three persons were wounded. Buildings were damaged in other towns. The battleship Louisiana and Virginia are at present in this harbor.

VALIDITY OF GRAND JURY'S ACTION ATTACKED IN THE SIGNOR CASE

T. B. SIGNOR.

Frederick B. Signor, indicted on eight forged charges calculated to secure by fraud \$400,000 from the estate of James A. Murray, the Monterey millionaire, appeared in Judge Brown's court this morning for arraignment.

The plan of the defense as represented by Attorney Lynn Church at once became apparent in an affidavit and de murmur attacking the validity of the grand jury's action in the case and the legality of its organization. In the event that the superior court goes to trial with Signor on the indictment as found the defense will rely on the upper court throwing out any findings against the sole confessed forger on the ground of the illegality of the jury and the consequent incompetency of its findings.

Subpoena was ordered served upon R. M. Callahan and the other members of the grand jury and they will be used as witnesses for the defense of the man they indicted when the case is called at 10 o'clock next Saturday morning.

The Signor Affidavit

The text of the Signor affidavit follows:

In the Superior Court of the State of California in and for the County of Alameda, The People of the State of California plaintiffs vs. F. B. Signor alias F. L. Signor defendant.

Now comes F. L. Signor, the defendant in the above entitled action, and in this, in the mean time, having been expressly唤起 upon his de murmur, this day referred to the indictment found by the grand jury of the County of Alameda against him in the above entitled action No. 100 on the 17th day of January, 1909, hereof, moves to set aside the said indictment upon the following grounds and for the following reasons:

That said indictment was not found as prescribed in the Penal Code of the State of California.

That said indictment was not presented to the grand jury of the State of California.

That said indictment was not made public as required by the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

That persons were permitted to be present during the taking of the grand jury's evidence, and the indictment was under consideration other than the persons permitted to be present under section 226 of the Penal Code of the State of California.

DOUBLE VOTES FOR NEW SUBSCRIPTIONS

Further Generosity of The Tribune Pleases Candidates

THE TRIBUNE'S big voting contest continues to be one of the main topics of interest, and TRIBUNE readers are nominating their most popular friends or favorite lodges for the fine array of prizes.

New Features

To emphasize the fact that the conditions of this contest as well as the prizes are the most liberal ever offered to the public, THE TRIBUNE has decided to offer special inducements to contestants to secure new subscribers.

Double Votes

For all new subscriptions, that is where the subscriber has not taken THE TRIBUNE for 30 days or more prior to the opening of the contest, double votes will be offered, according to the following schedule:

For New Subscriptions

3 months	1.95	100 votes
8 months	3.00	600 votes
1 year	3.30	2,000 votes
2 years	15.60	6,000 votes
3 years	23.40	10,000 votes
4 years	31.20	15,000 votes
5 years	39.00	20,000 votes

THE TRIBUNE makes this offer because it wishes to appeal to the subscriber who does not already know his friends, realizing that it will be hard for candidates to interest somebody who doesn't know what he is missing, than simply to collect an advance subscription from some one to whom THE TRIBUNE is an old and tried friend, the double-vote offer has been made. The new schedule will go into effect today.

Prizes Unequaled

"I have never seen anything to equal the prizes THE TRIBUNE is giving away," said a prominent business man yesterday. "If I had lived here long enough to be sure I had enough friends

to help me, I'd be out after that automobile all right."

"Get out, anyway," said his friend, a well-known real estate man, "you can get a \$1,600 Buick touring car for a few hundred dollars less. It's worth while to spend that amount voting for yourself."

The idea was new, but it struck home, and an hour or so later the business man was in the Buick auto agency on Twelfth street looking at the machine he would like to buy. The saleswoman, who was a girl of unusual beauty, indicated that he would get to work, for like most well informed people he knows the reputation of the Buick locally and nationally.

Trip to Yellowstone

What would it mean to you to be elected the most popular man in Alameda County? It might mean a good many things, such as social prestige or political pull, but it would surely mean this, that you would have one of the finest trips imaginable.

Fancy checking your trunk for Yellowstone Park and leaving Sixteenth street on fine spring morning bound for the land of geysers, so aptly called "Nature's playground." On your way you would pass several days in Salt Lake City, seeing not only the customary places visited by tourists, the great Temple, Brigham Young's house and the delightful lake resort, Salt Air, but learning something about Mormon customs in the days of '49, through meeting descendants of those interesting people.

Yellowstone Park with its magnificient trees, its geysers, its many-colored springs, its thousands and one strange freaks of nature beggars description. Fancy joining a tally-ho party and driving through the park where the roads are unexcelled.

Portland, Too

On your return trip you would take a northern route, which would bring you through Portland, the growing city of the

Miss Eva Krolty, who has been nominated as the most popular young lady in Point Richmond.

northwest. There in spite of rain you would see much to interest you, and of course you would end up with the Portlanders. Would the trip be worth your while? It is only one of numerous ones offered in this big contest.

New Entrants

As soon as contestants hear they are nominated for interest for them and their friends begin.

In every division there is some one who expects to work for the nomination, and this is sure to be an interesting one.

Miss Eva Krolty, whose picture appears today, is a pretty little Point Richmond girl, whose many friends are already working hard for her.

T. W. Crumpton is a well-known policeman, who is going to give his rivals a good run. There seems little doubt among Mr. Crumpton's friends that he will go to New York if he doesn't win the automobile.

And so it goes, nominations rates subscriptions ad infinitum, until THE

T. W. Crumpton, who stands a good chance of going to New York as the most popular member of the Oakland Police Department.

TRIBUNE office is a busier place than ever, if such a thing could be possible.

Classified Ads Help

An unusually liberal feature of this contest is the fact that votes are being issued with classified advertising. Five votes will be given for each five cents worth up to \$1 and from then on an ascending scale as follows:

100 votes for \$1.00
160 votes for 50
225 votes for 30
300 votes for 25
400 votes for 20

All fractional parts over \$1 between amounts decimal \$1 are figured at the rate of 5 votes for each 5 cents.

A receipt book will be given each candidate upon application to THE TRIBUNE. Votes will be allowed on subscriptions secured anywhere in the United States or

BISHOP PLAYERS SCORE SUCCESS

Tess of the D'Urbervilles Presented to Large and Appreciative Audience.

The Bishop players scored another artistic success last evening in "Tess of the D'Urbervilles," the celebrated emotional drama which is the attraction of the season. The play is one of the most popular of the stage. America's favorite emotional actress has again appeared in a delightful production. The Bishop Company, under Munro Bishop, is offering it now for the first time in popular prices.

This play is based upon Thomas Hardy's popular novel of the same title and follows the text of the original very closely. It is a touching play, well acted with intense interest. Pathos and plenty of comedy and with pathos from beginning to end. The story is an interesting and pathetic one, and is outstanding among the present season's offerings. It is a drama that will fascinate the audience until the very final climax.

Parts Suit All

Seldom have the men boys of the Liberty stock company been so well adapted to their parts as in "Tess." The D'Urbervilles this week. Each player seems to have been provided with a role well suited to their talents, and the result is that they realize it and the result is that they give this great play a manner that is most appealing. The curtain that is roundly received, concluding with the only curtain call of the evening in its preparation. The still hours of course fall to Isabelle Fletcher, who is seen in the rôle of Tess. The play is as delightful as these emotional scenes, handles the difficult character of Tess splendidly, and Linden Channing as Alex D'Urberville is still as good as ever. The play is also especially good. George Friend played the lover in an acceptable manner and Miss Ethel Elton as the mother of Tess was a credit to her rôle. The drunken girls are also deserving of praise.

The remaining characters are well taken care of. "Tess of the D'Urbervilles" will be the attraction for the remainder of the week, with the regular Saturday and Sunday matinees.

OAKLAND GROWS TOO FAST

BUSINESS MAN GETS LOST IN SUBURBS.

If Mr. Peck, the local real estate promoter had secured one of those last minute maps of the city with a map compiled by the County Surveyor under the direction of the Supervisors, he would not have had such a sorry tale to tell. He is a man of a good mind, so this could get you in touch with the development of Oakland. THE TRIBUNE has a few of those fine 6-foot wall maps, and a few other publications in two sizes—and they are correct, convenient and cheap. Ask the cashier.

DE GRASSI, VIOLINIST, TO PLAY IN OAKLAND

This evening's concert at the St Francis Hotel will introduce to the San Francisco public Signor Antonio De Grassi, the violinist, who will make his debut in Oakland. The latter city will hear him in Hell Hall Monday evening, January 25. Signor De Grassi, a native of Italy, has been at the Orpheum Club at the Liberty Playhouse December 15 last, and everyone was on the qui vive to hear the young violinist. His appearance was a success, the thunderous applause possessed of a splendid technique and intelligent interpretation with a refined tone. His playing was a revelation of his own personality and the immense audience render of him his due applauding again and again, and many voices were heard in the midst of the wild applause.

BREAKS A COLD IN A DAY

And Cures Any Cough That is Curable—Noseble Physician's Formula

MINCE MEAT is a mixture of common cold and half a pint of cold whisky. Soak it thoroughly and so in doses of a teaspoonful, in a tablespoonful every hour.

The above formula is one of the very best remedies obtainable for a cold.

It will cure any lung trouble not too far advanced.

These cures are procurable of any good physician's druggist and easily mixed at home.

The common cold is a refined disease and must be treated with care.

In half a cupful, it cures a cold in a short time.

Soak it in cold water, then strain it.

It is a sure cure for a cold.

It is a sure cure for a cold.
